

Commonwealth Bank's Total Profit for the six months ended June 30, 2014 was \$25.9 million, a slight reduction of \$100,000 over the same period of 2013. The primary contributing factor to the decline in profits was the increase in business license fees which exceeded \$2 million for the period.

Total assets at June 30, 2014 were \$1.47 billion, an increase of 2.8% above December 2013 total assets of \$1.43 billion.

Commonwealth Bank's asset quality continued to show encouraging signs as our nonperforming loan ratio of 3.99% continues to significantly outperform the industry average nonperforming loans of 16.36% at June 2014, as reported by The Central Bank of The Bahamas. Additionally, the Bank's net loan impairment expense in 2014 was 11% or \$1.2 million below 2013.

The Bank continues to maintain strong capital and liquidity ratios with Capital Adequacy in excess of 25% and liquidity ratio above 36%. These ratios are well in excess of Central Bank's requirements of 17% and 20%, respectively making Commonwealth Bank both financially strong and stable.

Amid an evolving regulatory and tax environment which Commonwealth Bank is closely monitoring, we remain cautiously optimistic about the remainder of 2014 while preparing for 2015, particularly the introduction and impact of VAT.

I am grateful to our 6,000 plus shareholders, our valued customers, and the general public for their ongoing support. I also thank our team of hardworking and devoted employees for their invaluable contributions and excellent customer service which they continue to provide every day.

William B. Sands, Jr.
Executive Chairman
